Between N. W. 34-10 and S. W. 1-10, 132 feet long, 20 inches high, at 18c to L. Small.

Between S. E. 24-10 and N. E. 23-10, 100 feet long, 20 inches high, at 18c to L. Small.

Between 11 and 12-8-10, 60 feet long, 2 feet high, at 14c to E. Goldreich.

Between 11 and 12-8-10, 235 feet long, 30 inches high, at 14c to E. Goldreich.

(Continued on page 8)

## Chautauqua.

There were those who doubted last year the possibility of making the Chautauqua this year a success for six consecutive days, but events have proved otherwise. During the past week the streets of Bow Island have presented a very animated scene and large crowds have visited our town every day. The huge tent erected near the Myrtle Hotel has been crowded at each performance and that the people appreciated the high-class talent provided was amply evidenced by the frequent applause.

Space and time alike prevent us dealing with the program as a whole. Suffice it to say that it was fully up to the standard of that presented last year, and in some instances better. Nearly all the lectures proved popular. Major Kirby's subject, "The war and the New Day," was an outstanding feature and these were not wanting signs among his audience to indicate a very sympathetic response to the ideas advocated by him. Another lecture that won the sympathy of his audience was Dr. Rater. His address was timely and dealt with matters that are engaging at the present time the most serious consideration of every thoughtful person. Dr. Rater, in addition to his lecture on Saturday, also addressed an audience at the United Church meeting on the following Sunday night. To those who were weary of the circumstance the lecture of Dr. Haber pastored of a more pathetic nature from the fact that he had just received a telegram informing him of the death of his son, a member of the navy corps, who had succumbed to injuries sustained whilst experimenting in the air with his machine.

It is interesting to note that most of the lectures had sons at the front. Major Kirby has one boy in the trenches. Dr. Hay has two sons, both of them wounded, in hospital and Dr. Himmley has had a son in the trenches for three years.

In connection with the Chautauqua it is not too much to say that its success was in considerable measure due to certain members of the local committee, who both in selling tickets and lending assistance contributed greatly. Mr. Robertson as chairman of the local committee has apparently devoted nearly the whole of his time in the past six days to the Chautauqua, and the thanks of the citizens should especially be tendered to him. Mr. S. Beattie, H. E. Carlson, Fred Morke, Geo. Bruce, C. H. Bell and Mr. Stuart have also been noticeably prominent in the work done, and Mr. Baird as chairman of the advertising committee did valuable work in filling the surrounding country.

## Public Notice.

(At least Five Notices must be posted within the limits of the district)

By the Board of Trustees of the Bow Island School District  
No. 1863 of the Province  
of Alberta.

WHEREAS it is deemed expedient by the Board of Trustees of the Bow Island School District, No. 1863 of the Province of Alberta, that the sum of Six Thousand Dollars should be borrowed on the security of the said district by the issue of debentures payable to the bearer in Twenty equal consecutive annual instalments with interest at the rate of five per cent, eight per centum per annum for the following purposes, namely: completing new school, purchasing furniture and equipment for same, building eastern and erecting outbuilding. THEREFORE notice is hereby given by the Board of the said District that unless a poll of the ratepayers of the said District for and against the said debenture loan is demanded as permitted by The School Act, the said Board will apply to the Board of Public Utility Commissioners for authority to borrow the said sum by debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

ROBERT H. ROBERTSON, Chairman.

Dated at Bow Island, Alberta, the 17th day of June, 1918.

Instructions to Ratepayers.

In rural districts a poll on a debenture loan may be demanded by any ratepayer if the loan exceeds \$2500 or if the loan is not for the purpose of building a first schoolhouse. In town and village districts a poll may be demanded on any debenture loan by twenty and ten ratepayers respectively.

Every demand for a poll should be delivered to the secretary of the district or in his absence to the chairman of the board within fifteen days from the date of posting these notices. Certified copy of the demand should be forthwith forwarded to the Board of Public Utility Commissioners of Alberta at Edmonton.

(SIGNED A TRUCK COPY)  
W. A. BATEMAN,  
Secretary.

ers, 80 p. covers, 7 n. aprons, 2 pairs  
stockings, 20 c. binders, 20 c. binders,  
20 operation covers, 2 c. shirts, 10 m.b.  
bandages, 33 y. bandages, 8 slings, 8  
p.p. suits, one women's coat, 12  
shirts, 30 pillow cases, 20 pairs socks.  
Total number articles 400.

Divine service will be held at All  
Saints Church on Sunday next at 7:30  
p.m.

The United Ladies Aid will hold a  
sale of work on Saturday, afternoon,  
June 20th, at the rest room. Lunch  
will be served.

A very enjoyable church service  
was held in the big Chautauque tent  
on Sunday evening last. People from  
Burdet, Winifred and all the sur-  
rounding country came in large num-  
bers and the result was a service such  
as Bow Island never witnessed before.  
Upon the platform were J. H. Carson,  
Cook and Braus of Bow Island and Rev.  
Bird of Burdet, each of whom contri-  
buted to the religious program in some  
form or other. Solos were rendered by  
Mrs. J. H. Patterson and Mrs. H. L.  
Stume. A very interesting address  
was given by Dr. Baker, and the sing-  
ing of a few hymns and the National  
 Anthem brought the proceedings to a  
close. A collection taken for the Sci-  
entific Relief Fund totalled \$24.13, which  
has been sent to Mr. J. M. Irwin, the  
secretary at Calgary.

Rev. Gilbert, who succeeds Rev. C.  
Bishop at Bow Island, will not be able  
to come. It is understood that until the  
first Sunday in July, consequently Mr.  
Bishop will remain here until after  
June 30th, instead of going next week  
as was his intention.

Mr. and Mrs. A. W. Moore of Mel-  
ville Hat were the guests of Mr. and  
Mrs. A. R. Rolfe during the Chautauque  
on Sunday.

Portie Platon Lutheran Church  
(English) service in the schoolhouse  
on Sunday, June 20th, at seven p.m.  
N. K. T. Braus, pastor.

On Saturday, June 12th, Mr. John  
Gordon Evans and Miss Cora Evelyn  
Thompson, both of Bow Island, were  
married in marriage by Rev. R. H. Mac-  
Kinnon at Melville Hat.

After the address delivered in the  
Chautauque tent on Tuesday after-  
noon by H. W. Wood, president of  
the U. F. A., a number of the farmers  
around Bow Island got together and  
formed a branch of this organization.

The officers appointed were as follows:  
—President, F. J. Henderson; Vice-  
president, Rev. Cook; Secretary, Fred  
Monroe; Directors, A. Miller, R. L.  
Macgregor, J. G. Johnson, P. J. Mc-  
Intyre and E. A. Kevers. It was de-  
cided to call the first meeting of the

**“Motorwise” Buyers  
are using  
McLaughlin Cars**

McLAUGHLIN cars are more  
and more coming into popular  
favor among Motor wise men who  
make a minute study of real motor  
car value.

Now that motor cars are such a  
factor in business, men look for that  
particular make of car representing  
highest value for the amount  
involved. McLaughlin cars give  
uninterrupted service due to their  
efficiency.

Men who buy McLaughlin cars  
are assured of real service—the  
kind of service which many com-  
panies are unable to give.

McLaughlin cars are made in  
Canada at the large McLaughlin  
factories in Oshawa. They are  
distributed through 12 directly  
owned McLaughlin branches, and  
over 400 dealers. Branches and  
dealers keep repair parts and expert  
mechanics, assuring prompt and  
efficient service when it is needed.

“ORDER NOW AND BE ASSURED OF PROMPT DELIVERY”

**THE McLAUGHLIN MOTOR CAR CO., Limited**  
OSHAWA, ONTARIO

**WILMOT & HENDERSON, dealers, BOW ISLAND**

Bow Island on Saturday afternoon at  
three p.m.

The members of Bow Island Lodge  
No. 80, L.O.O.F., will give a service at  
the United Church on Sunday  
next, June 23rd, at eight p.m. Vis-  
iting brethren are cordially invited to  
attend.

Following the resale to Canadian  
farmers, at cost, of the first 1,000  
Fordson tractors purchased from the  
manufacturers, the Canada Food  
Board has completed arrangements  
to place the balance of the tractors  
at the disposal of the Canadian farmers.  
Farmers who wish to secure such trac-  
tors should place their order with their  
Provincial Department of Agriculture  
and until further notice such orders  
will be handled in the same way as  
formerly.

The finance committee of the town  
of Taber has recommended that  
the rate for 1918 be ninety mills.

H. I. Schornert was in Calgary last  
week visiting his brother Russell.

R. A. Arthur, who some few months  
ago moved to Rosedale, was in town  
on Saturday attending the Chautauque.  
He has now over one hundred head of  
cattle and says there is plenty of range  
in his new location.

Mr. J. G. Murray arrived last week  
from the coast and joined her bus-  
band at the farm south of town.

Mr. Frank Stafford, of Los Angeles,  
later-in-law to Governor Prater of  
North Dakota, arrived last week with  
her two children and is now visiting  
with Mr. Ed. Thompson.

Permission arrived last Saturday  
from the Department at Edmonton to  
hold the municipal elections. W. A.  
Bateman has been appointed returning  
officer and he has fixed next Monday,  
June 24th, as nomination day. Nomin-  
ations are required for mayor and  
three councilors.

Remarks made in The Review last  
the river north of town burns fruit  
week relative to the ferry across.  
quickly. A man appointed by the gov-  
ernment has now arrived and taken  
charge.

At a meeting of the board of trade  
held on Monday last week, J. M.  
Brampton was appointed to the hospital  
board in place of S. G. Jamieson re-  
signed. Another matter that arose  
with reference to the local post office,  
the wicket at which is reported as be-  
ing closed every noon. It was decided  
to write the Inspector and ascertain  
the regular hours at which the post  
office is supposed to be open. It was  
alleged that people from the country  
were coming into town and often had  
to wait around for an hour to be  
served there. This it was felt, was a  
hardship many.

Quite a number of the citizens plac-  
ed their autos and carriages at the dis-  
posal of the Chautauque committee on  
Tuesday last week, and took a

large number of the children to Winif-  
red and Burdet to help advertise the  
big event.

The municipal elections should  
arouse considerable interest. Although  
possibly no events of very great im-  
portance are impending, nevertheless  
the nominations are deserving of ser-  
ious consideration, and every candi-  
date previous to nomination should  
weigh his position thoroughly. A rate-  
payer must especially remember that  
when he is elected his supporters look  
to him to carry out the duties assigned  
to him with the same careful attention  
as he would bestow upon his own af-  
fairs, and be prepared to spend a cer-  
tain portion of his time in carrying  
them out. Unless he is prepared to do  
this it would be far better for him to  
remain in the background.

All banquets and other meetings at  
which refreshments are served, when  
such are considered necessary, should  
be so arranged as to take the place of  
regular meals, and not constitute extra  
meals. Banquets, etc., at other than  
regular meal hours represent a very  
considerable waste of food. With a  
little thought they could be arranged  
so as to constitute an extra meal, in-  
stead of a separate one. A person who  
eats more food than he needs is today  
helping the enemy because he is not giving to our sol-  
diers and allies that which is necessary  
to win the war. War has changed  
many things and it is now necessary  
that we should alter our social cus-  
toms so as to conform to the needs  
of the food situation, which is  
serious indeed.

On 22nd June, 1897, the Diamond  
Jubilee of Queen Victoria was cele-  
brated throughout the whole Empire,  
which she had done so much to con-  
solidate. 22nd June, 1898, will be  
marked by an event of no less histori-  
cal importance to Canada. On that  
day the free people of Canada will  
pledge their devotion to the Al-  
berta and by registering their names  
and furnishing the government with  
all the information essential to a sci-  
entific use of their capabilities as a whole.

They will do this as a privilege as well  
as a duty. Canada yields no man in  
its determination to prosecute the  
war with a successful conclusion, but  
happy consummation near, or far re-  
solved. The Canadian people have  
shown too keenly and fought too  
valiantly to do other than press on un-  
til in the words of Mr. Asquith, "the  
military domination of Prussia is whol-  
ly and finally destroyed."

It is to enable Canada to take an  
even greater part in the conflict than  
this for the reason that the regu-  
lation of every resident in the ter-  
ritory, male or female, of sixteen  
years and over, has been decided upon.  
This for the reason that the regu-  
lation of every resident in the ter-  
ritory, male or female, of sixteen  
years and over, has been decided upon.  
This for the reason that the regu-  
lation of every resident in the ter-  
ritory, male or female, of sixteen  
years and over, has been decided upon.

The food shortage is recognized as  
so serious in the minds of the soldiers  
they are cultivating 50,000 acres between

the lines in France, 7,000 in Salonica  
and approximately 700,000 in Meno-  
pola, Egypt, Palestine and Cyprus. In  
Egypt, Palestine and Cyprus the  
British armies will this year grow all  
their own vegetables and a large part  
of their hay and forage. All the mili-  
tary camps in England are being cul-  
tivated also. At Aldershot where 25  
acres were being cultivated 18 months  
ago, 1200 acres are now under culti-  
vation.

At a meeting in Toronto Mr. H. B.  
Thompson, chairman of the Canada  
Food Board, said that a voluntary ra-  
tion system would be introduced in  
Canada, a committee in each province  
settling the scale of rationing.

## Bow Island School District No. 1883

TENDERS FOR PURCHASE OF  
SCHOOLHOUSE, etc.

The Trustees of the Bow Island  
School District No. 1883 are prepared  
to receive tenders for the purchase of  
the old schoolhouse situated south of  
the town of Bow Island, Alberta.  
Tenders will also be received for the  
purchase of the site of the schoolhouse  
comprising an acre more or less, and  
about fifty double-south desks, being  
part of the furnishings of the above  
schoolhouse.

Tenders may be submitted for the  
above in part if desired.  
The Trustees do not bind themselves  
to accept the highest or any tender.  
Tenders must be in the hands of the  
Secretary by noon of THURSDAY, JU-  
LY 2nd, 1918.

W. A. BATEMAN,  
Bow Island School District No. 1883.

## Do You Want Breaking Done?

If you want your land broken  
and cannot make your own ar-  
rangements, apply to the MR.  
QUALITY, Board of Trade Build-  
ing Department, to be supplied by the  
Government to help the farmer and  
those who have broken to let  
in the following territory: Bal-  
ley, Bow, Warden, Warden and  
Lethbridge.

## Can You Do Breaking?

If you are in a position to do  
breaking get in touch with MR.  
QUALITY, who has a steady  
demand, here and there, for  
the Government to let you have  
those who have broken to let  
in the following territory: Bal-  
ley, Bow, Warden, Warden and  
Lethbridge.

Phone 1042

**HERE IS THE DAY  
YOU  
REGISTER**

ON June 22nd, Saturday, every man  
and woman, resident in Canada, who is 16  
years and over, must attend at one of the  
places provided for registration, between the hours of 7 a.m. and  
10 p.m., and there truthfully answer all the questions set forth upon the registration card.  
Upon signing the card, vouching for the accuracy of the answers, the man or woman  
will receive a Registration Certificate, as shown below, which must be carried upon the  
person thereafter.

**Why the Certificate is so Important**

For failure to register a maximum fine of \$100 and  
one month's imprisonment is provided, also an added  
penalty of \$10 for each day the person remains  
unregistered after June 22nd.  
Persons remaining unregistered cannot lawfully be  
employed, and cannot draw wages for work done  
after June 22nd. Employers who keep unregistered  
persons in their employ will be liable for fines equal  
in amount to those recoverable from the unregistered  
employees.  
Unregistered persons cannot lawfully purchase  
transportation tickets, and may find themselves

barred from travelling on railroads, steamboats, etc.  
Similarly they may be denied board and lodging at  
any hotel, restaurant, public house or boarding house.  
In a word—All persons remaining unregistered, and  
all persons having dealings with unregistered  
persons, knowing them to be such, incur heavy  
penalties under the law.

**REGISTRATION IS LAW—

### COUNTRY FAIRS

Edmonton, June 1.—The list of fair dates through Alberta is showing some minor effects of the war. Six of the local events still were arranged for on the official schedule, have found it necessary to cancel their dates, chiefly for the reason that so many young men have been taken away for military service that the farmers are fearful of not being able to make a success of their exhibitions this year. The volume of work falling upon the men who are left is so great, it is also pointed out that they cannot spare the time that preparation for the fair would necessitate.

Of the six dates that have thus dropped out, three representative district fairs in the northern part of the province and three in the south.

Kawatha, Ousway, Nakamun are

the northern withdrawals, and Okotoks, Granum and Estikam have pulled out from the southern circuits. The dates for Taber stay in being changed from August 22-23 to July 31-August 1.

### WILL ORGANIZE HOSPITAL DISTRICTS

Edmonton, June 1.—As a preliminary move to the establishment of rural hospitals in Alberta, A. K. Whiston has gone out under instructions from the provincial board of health to organize the several hospital districts concerned in applications already made. About one hundred applications have come to date from communities and municipalities that desire to share in the new rural hospital scheme adopted at the last session of the legislature.

## Burdett.

Farmers are not feeling very encouraged by the present hot and dry weather. The crops are not looking very well and rain is badly needed.

The members of the Bow Island Lodge A. F. & A. M. will attend divine service at the United Church on Sunday next, June 23rd, at Bow Island. All local members and visitors are asked to be present.

The Village Council in conjunction with the School Trustees have let a contract this week to Messrs. Haxell and Kientsche for the drilling of a well near the new school. The contract price was \$1500 for 700 feet. Two other bids were read from Mr. Enard for \$1400 for 650 feet and the other from a Medicine Hat firm for \$1775 for 700 feet.

A meeting of the local U.F.A. will be held in the Majestic on Wednesday, June 26th. The speakers will be S. S. Dunham, R. A. Parker, and Mrs. H. E. George. Thos. Barnes will act as chairman. It is hoped that a large attendance will be present.

W. J. Elliott requests us to state that the Burdett Tim's are yet non-existent. Events happen, however, very rapidly these days.

We are glad to hear that Mr. Heudershot is improving greatly and his friends hope to welcome him home from the hospital some time this week.

Gies, Lomas has been feeling far from well lately and on Wednesday took a trip to Medicine Hat to consult the local M. D. Mr. MacKinnon accompanied him down.

"The Beast of Berlin" was exhibited here on Tuesday night to a crowded house and much interest was shown in the pictures presented. The management of the Majestic are to be congratulated upon bringing this well-known production to our midst.

Mesdames A. W. and S. W. Fletcher have opened up an ice-cream parlor on Main Street.

Mrs. A. Hamilton returned home from the coast on Monday via the Kootenay line. Her many friends are pleased to hear that her visit has benefited her considerably.

The bricklayers started work at the new school this week under the supervision of Mr. Bishop. The basement has now been completed.

A meeting was held on Wednesday night in connection with the sports on July 4th and it was decided to open into details more fully at the Board of Trade on Monday evening next. A full attendance of the citizens and others interested is urgently requested. Everyone attend.

The approaching convention of the Western Canada Irrigation Association at Nelson, B. C., July 23, 24 and 25 raises the question, "To what extent is the dry farmer interested in irrigation?" There has been a tendency in the past, even among farmers, to think of dry farming and irrigation as being, in a sense, rival modes of agriculture. It is of the utmost importance to the development of Western Canada, where both kinds of farming are practiced on the largest scale in America, that their interdependence should be properly understood.

## What Will You Do For Help?

FARM help is scarce, but this condition can be relieved to a marked degree by using machines that accomplish more work in a given time with less man power.

Why should the farmer cling to horses—a slow, expensive means of power—when every other business is adopting the truck and thereby reducing the cost of hauling, speeding up deliveries, and saving for human needs the food that the horses would otherwise consume?

The motor driven truck can work constantly at maximum load under the burning summer sun, or in the coldest weather. Unlike the horse it needs no rests while working, it eats only while in actual use, and when the day's work is done it requires very little attention, and leaves you free for other "Chores" about the place. Then, it can be housed in one-quarter the space of the horses, wagon and harness it replaces. It is a mistaken idea that a truck is useful only for driving upon paved roads. The Ford can be driven all over the farm, and used for hauling grain, potatoes, fruit, roots, fertilizer, wood, stock, milk or any other product. The speed it travels, the time it saves, and its low upkeep cost appeal very strongly to all users of the Ford Truck. If you need help, order your Ford One Ton Truck today.

All prices subject to war tax charges, except trucks and chassis

BOW ISLAND, ALBERTA

Had Western Canada been first settled by farmers from irrigation countries the history of agriculture in these provinces would have been very different. As it is, our first settlers, and even most of our settlers in the present day, were from Eastern Canada, the Western States, of those parts of Europe where irrigation is not employed. They came to Western Canada with no knowledge of irrigation. They have learned dry farming from the settlers in the semi-arid regions of the Western States, and they are now learning irrigation largely from the same source.

The Western Canada Irrigation Association recognizes that the relationship between dry farming and irrigation is a very close one indeed, and for that reason a considerable space on the program is devoted to dry farming. At the convention which is to be held at Nelson on July 24, 25 and 26, Hon. W. R. Motherwell, minister of agriculture in Saskatchewan, and a dry farmer of many years' experience, is to give an address on "The Principles of Dry Farming." Mr. Motherwell was President of the Association a year ago, and was presiding officer at the convention held at Maple Creek, Saskatchewan, where his practical experience as a farmer contributed greatly to the interest of the meetings.

An extremely interesting report from the Overseas Minister of Militia, the other day told of the work of the Salvage Department of the Expeditionary Force, which during the past nine months has saved the people of Canada the considerable sum of \$211,000. It did this by the systematic collection of all discarded articles and subsequent sale in bulk in London. This achievement shows what can be done by the studied elimination of waste. One of the principal objects of the National Register, which will be taken on 22nd of June, is the elimination of waste. It will accomplish this by providing the government with the information necessary to eliminate the direction of the country's waste power. Production, agricultural as well as industrial, will be increased and in the process the expenditure of human energy in useless and non-productive pursuits will be reduced to a minimum. As a result of the information secured on Registration day Canada will renew her strength for

the final onslaught against the powers intent upon arresting the course of civilization.
